Add Section 832.22 as follows:

§832.22. Class C-22 – Asbestos Abatement Contractor.

(a) An asbestos abatement contractor performs abatement, including containment, encapsulation, or removal, and disposal of asbestos containing construction materials, as defined in Section 6501.8 of the Labor Code, in and on buildings and structures. All work performed and all documentation prepared by an asbestos abatement contractor shall be done in accordance with regulations and requirements of the Division of Occupational Safety and Health (DOSH) of the Department of Industrial Relations.

(b) The Board shall not issue an asbestos abatement contractor license unless the applicant or contractor is duly registered with DOSH pursuant to Section 6501.5 of the Labor Code or has an active application for registration in process with DOSH. [All holders of the C-22 – asbestos abatement contractor classification shall have completed](#)

DOSH registration training requirements, as contained in Title 8, California Code of Regulations, Section 1529.

(c) Within 90 days after the asbestos abatement contractor license is issued, the contractor shall submit to the Board proof that he or she is duly registered with DOSH pursuant to Section 6501.5 of the Labor Code.

No asbestos abatement work shall be performed nor documentation prepared until the contractor has submitted proof of his or her DOSH registration to the Board.

Failure of a licensee to provide proof of current registration with DOSH within 90 days after issuance shall result in the automatic suspension of the license or removal of the C-22 – asbestos abatement contractor classification at the end of the 90 days.

(d) Every applicant for the C-22 – asbestos abatement contractor classification must have had, within the last 10 years immediately preceding the filing of the application, not less than four years of experience performing asbestos abatement duties as a journeyman, foreman, ~~or~~ supervising employee, or contractor working for or as any of the following:

(1) A licensed contractor who holds the C-22 – asbestos abatement contractor classification or the asbestos certification, as defined in Section 7058.5 of the Code, and DOSH registration;

(2) A contractor who provides asbestos abatement services and is licensed in another state or federal jurisdiction;

(3) A utility company operating under the laws of a state or federal regulatory agency;

(4) A division of a state or the federal government; or

(5) The armed forces of the United States.

(e) The Board shall require as a condition precedent to the renewal of an asbestos abatement contractor license that the licensee have on file proof of current registration with DOSH pursuant to Section 6501.5 of the Labor Code.

(f) This classification does not include any addition to or alteration, repair, or rehabilitation of the permanently retained portions of such buildings and structures. Hazardous substance removal and remediation, as defined in Section 7058.7 of the Business and Professions Code, are specifically not included in this classification.

Add Section 833 as follows:

§833. Asbestos Classification and Certification Limitations and Examination Requirement.

(a) The C-22 – asbestos abatement contractor classification shall operate as a stand-alone specialty contractor classification for asbestos abatement work, notwithstanding any other classification held by the licensed contractor.

(b) No general building contractor, as defined in Section 7057 of the Code, shall contract for any project that includes asbestos abatement work unless the general building contractor holds the C-22 – asbestos abatement contractor classification or the

asbestos certification, as defined in Section 7058.5 of the Code, and DOSH registration or unless the general building contractor subcontracts with an appropriately licensed contractor.

(c) The asbestos certification, as defined in Section 7058.5 of the Code, shall operate in conjunction with other classification(s) held by the licensed contractor. No licensed contractor who holds the asbestos certification shall contract for any project that includes asbestos abatement work in a trade for which the contractor is not licensed, unless the licensee also holds the C-22 – asbestos abatement contractor classification.

(d) The Registrar may waive the trade examination, pursuant to Section 7065.3, for the C-22 – asbestos abatement contractor classification for a licensed contractor who holds the asbestos certification, as defined in Section 7058.5 of the Code, upon application and conclusive showing by the licensee that he or she possesses not less than four years journey-level experience in the C-22 – asbestos abatement contractor classification within the last 10 years immediately preceding the filing of the application. The licensee shall have obtained the asbestos certification after having passed the written asbestos certification examination and shall have held the asbestos certification in active and good standing throughout the four-year experience period at a minimum.
