

CONTRACTORS STATE LICENSE BOARD LICENSE EXAMINATION STUDY GUIDE

EARTHWORK AND PAVING (C-12)

Content of the Examination

The Earthwork and Paving (C-12) Examination is divided into four major sections:

1. Planning and Estimation (24%)

- Plans and specifications
- Job site conditions
- Estimating
- Project layout
- Materials and equipment

2. Earthwork and Grade Control (32%)

- Grade control
- Soils and geology
- Excavation and trenching
- Fill and grading

3. Paving (28%)

- Roadways, driveways, and parking lots
- Specialty paving
- Demolition and pavement repair
- Related paving activities

4. Safety (16%)

- Job site safety
- Environmental impact
- Traffic control

Percentages are approximate

Test Site Policy

This is a closed-book examination. No reference materials may be used during the examination. All materials brought to the examination site must be left in an unmonitored area at your own risk.

Test Strategy

This is a multiple-choice examination with four choices per question. Examination questions are written to provide only one BEST answer. Some questions require mathematical computation. A calculator will be provided.

There is no penalty for guessing. If you are unsure about a particular question, it is better to try to answer the question than to leave the question blank.

Plenty of time is provided to answer all examination questions, so be sure to read each question and its four choices completely and carefully before selecting the BEST possible answer to the question.

Sample Questions

Below are three typical examination questions.
The correct answer is underlined.

1. What is the volume of a hole 120 feet long, 30 feet wide, and 6 feet deep?
 - a. 500 cubic yards
 - b. 800 cubic yards
 - c. 1,200 cubic yards
 - d. 1,300 cubic yards
2. How should a contractor proceed when a concrete load has arrived on a job site and the material comes out of the chute in lumps?
 - a. Add water.
 - b. Add retardant.
 - c. Reject the load.
 - d. Place it immediately.
3. What is the allowable lippage between pavers?
 - a. 1/2'
 - b. 3/8"
 - c. 1/4"
 - d. 1/8"

All questions are written and reviewed by licensed contractors who are actively working in the trade
