(4) A notice with the heading "Mechanics Lien Warning" written as follows:

"MECHANICS LIEN WARNING:

Anyone who helps improve your property, but who is not paid, may record what is called a mechanics lien on your property. A mechanics lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder.

Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit.

To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a 'Preliminary Notice.' This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices.

You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier.

For other ways to prevent liens, visit CSLB's Internet Web site at www.cslb.ca.gov or call CSLB at 800-321-CSLB (2752).

REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe."

(5) The following notice shall be provided in at least 12-point typeface:

"Information about the Contractors' State License Board (CSLB): CSLB is the state consumer protection agency that licenses and regulates construction contractors.

Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions, and civil judgments that are reported to CSLB.

Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees.

(f) The rights and remedies provided the buyer under this section are nonexclusive and cumulative to all other rights and remedies under other laws.

(g) Any waiver of this section shall be deemed contrary to public policy and shall be void and unenforceable. However, the buyer may waive subdivisions (a) and (b) to the extent that the contract is executed in connection with the making of emergency repairs or services that are necessary for the immediate protection of persons or real or personal property. The buyer's waiver for emergency repairs or services shall be in a dated written statement that describes the emergency, states that the contractor has informed the buyer of subdivisions (a) and (b) and that the buyer waives those provisions, and is signed by each owner of the property. Waivers made on printed forms are void and unenforceable.

17. Section 7113 of the Code states:

Failure in a material respect on the part of a licensee to complete any construction project or operation for the price stated in the contract for such construction project or operation or in any modification of such contract constitutes a cause for disciplinary action.

COST RECOVERY, RESTITUTION AND OTHER AUTHORITY

18. Section 125.3 of the Code states, in pertinent part:

(a) Except as otherwise provided by law, in any order issued in resolution of a disciplinary proceeding before any board within the department or before the Osteopathic Medical Board, upon request of the entity bringing the proceeding, the administrative law judge may direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

(b) A stay of execution may be included in the decision or if not included therein may be granted by the agency at any time before the decision becomes effective. The stay of execution provided herein may be accompanied by an express condition that respondent comply with specified terms of probation provided; provided, however, that the terms of probation shall be just as reasonable in light of the findings and decision.

(c) If respondent was required to register with any public officer, a notification of any suspension or revocation shall be sent to the officer after the decision has become effective.

(d) As used in subdivision (b), specified terms of probation may include an order of restitution. Where restitution is ordered and paid pursuant to the provisions of this subdivision, the amount paid shall be credited to any subsequent judgment in a civil action.

(e) The person to which the agency action is directed may not be required to comply with a decision unless the person has been served with the decision in the manner provided in Section 11505 or has actual knowledge of the decision.

(f) A nonparty may not be required to comply with a decision unless the agency has made the decision available for public inspection and copying or the nonparty has actual knowledge of the decision.

(g) This section does not preclude an agency from taking immediate action to protect the public interest in accordance with Article 13 (commencing with Section 11460.10)of Chapter 4.5.

20. Section 143.5, subdivision (b), of the Code states:

Any board, bureau, or program within the Department of Consumer Affairs that takes disciplinary action against a licensee or licensees based on a complaint or report that has also been the subject of a civil action and that has been settled for monetary damages providing for full and final satisfaction of the parties may not require its licensee or licensees to pay any additional sums to the benefit of any plaintiff in the civil action.

21. Section 7095 of the Code states:

The decision may:

(a) Provide for the immediate complete suspension by the licensee of all operations as a contractor during the period fixed by the decision.

(b) Permit the licensee to complete any or all contracts shown by competent evidence taken at the hearing to be then uncompleted.

(c) Impose upon the licensee compliance with such specific conditions as may be just in connection with its operations as a contractor disclosed at the hearing, and may further provide that until such conditions are complied with, no application for restoration of the suspended or revoked licensee shall be accepted by the Registrar.

22. Section 7097 of the Code states:

Notwithstanding the provisions of Sections 7121 and 7122, when any licensee has been suspended by a decision of the registrar pursuant to an accusation or pursuant to subdivision (b) of Section 7071.17, Section 7085.6 or 7090.1, any additional license issued under this chapter [the Contractors' State License Law] in the name of the licensee or for which the licensee furnished qualifying experience and appearance under the provisions of Section 7068, may be suspended by the registrar without further notice.

23. Section 7098 of the Code states:

Notwithstanding the provisions of Sections 7121 and 7122, when any license has been revoked under the provisions of this chapter [the Contractors' State License Law], any additional license issued under this chapter in the name of the licensee or for which the licensee furnished qualifying experience and appearance under the provisions of Section 7068, may be revoked by the registrar without further notice.

24. Section 7102 of the Code states:

After revocation of a license upon any of the grounds set forth in this chapter, the license shall not be reinstated or reissued and a license shall not be issued to any member of the personnel of the revoked licensee found to have had knowledge of or participated in the acts or omissions constituting grounds for revocation, within a minimum period of one year and a maximum period of five years after the final decision of revocation and then only on proper showing that all loss caused by the act or omission for which the license was revoked has been fully satisfied and that all conditions imposed by the decision of revocation have been complied with.

The board shall promulgate regulations covering the criteria to be considered when extending the minimum one-year period. The criteria shall give due consideration to the appropriateness of the extension of time with respect to the following factors:

(a) The gravity of the violation.

(b) The history of previous violations.

(c) Criminal convictions.

When any loss has been reduced to a monetary obligation or debt, however, the satisfaction of the monetary obligation or debt as a prerequisite for the issuance, reissuance, or reinstatement of a license shall not be required to the extent the

monetary obligation or debt was discharged in a bankruptcy proceeding. However, any nonmonetary condition not discharged in a bankruptcy proceeding shall be complied with prior to the issuance, the reissuance, or reinstatement of the license.

R.F. & E.F. - NORTH STATE STREET PROJECT

25. On or about April 26, 2016, G.T., an unregistered Home Improvement Salesperson (HIS) employed by Respondent Complete Solar met with homeowners R.F. and E.F, advertising a government program to save money on electrical bills, and obtained the homeowner's utility bills for his house on North State Street in Fresno, California. A few days later, two HIS from Respondent Complete Solar returned and represented that the homeowners could get 100% of their energy needs covered from a free program that would cost nothing. The HIS had R.F. sign his name on the HIS's cell phone, and represented that they were going to check to see if R.F. could be approved for credit and for a special incentive for "going green." The HIS requested and R.F. provided a blank check after being told that it was needed for the incentive program. Although advertising materials and a business card were provided to homeowners R.F. and E.F., no copy of any Home Improvement Contract (HIC) was provided.

26. Respondent Complete Solar later installed a solar system. Automatic payments were set up by SunPower Capital, LLC (SunPower) and the first bill reflecting this system in operation was in or around September 2016. SunPower is the lessor and owner of the solar system that was sold, designed, and installed by Respondent Complete Solar. E.F. requested a copy of the HIC and received a lease agreement from SunPower. Although E.F. did not sign any documentation, E.F's name appeared on this lease agreement with an email address that is not the email address given by the homeowners. This lease agreement dated April 29, 2016, shows monthly payments of $266.09/mo. for the first year, escalating to monthly payments of $384.21/mo. during the 20th year; with total payments of $77,195.69. No information was provided to R.F. or E.F. as to how to monitor the solar system or its energy production.

27. On or about May 16, 2018, SunPower acknowledged that the solar system is under-producing due to the design of Respondent Complete Solar and that SunPower's only option is to reimburse R.F. and E.F. for the production guarantee per the lease.

28. On or about August 16, 2018, a CSLB Industry Expert (I.E.) performed an inspection of the North State Street solar project. The I.E. found that the system did not meet acceptable trade standards for good and workmanlike construction that would require the home owners to spend $2,070.00 to correct the defects. Specifically, the I.E. found that the installed inverters do not match the ones promised in the contract and are of different sizes. One string of the southeast array was not connected. The roof penetrations were not installed according to the manufacturer's guidelines. The roof vent was cut to allow for the installation of the solar system, but the entrance was not covered and the seal around the pipe to the flashing was broken. Roof tiles were damaged during the installation of the solar system, but they were not replaced or repaired.

FIRST CAUSE FOR DISCIPLINE

(Employing an Unregistered Home Improvement Salesperson)

29. Respondent Complete Solar is subject to disciplinary action under Code section 7154, subdivision (d), for employing unregistered Home Improvement Salespersons. The circumstances are that Respondent Complete Solar did not have any salespersons registered with the Board at the time of the contract negotiations with homeowners R.F and E.F., as alleged in paragraphs 25 through 28.

SECOND CAUSE FOR DISCIPLINE

(Home Improvement Salesperson not listed in contract)

30. Respondent Complete Solar is subject to disciplinary action under Code section 7159, subdivision (d)(2), for failing to list the names and HIS registration number for the salespersons who negotiated the contract with the homeowners, as alleged in paragraphs 25 through 28.

THIRD CAUSE FOR DISCIPLINE

(Contract Language Violations)

31. Respondent Complete Solar is subject to disciplinary action under Code section 7159 for failing to provide a Home Improvement Contract that included the disclosures and notices required by section 7159.

///

FOURTH CAUSE FOR DISCIPLINE

(False, Misleading, or Deceptive Advertisements)

32. Respondent Complete Solar is subject to disciplinary action under Code section 7161, subdivision (a), for providing false, misleading, or deceptive statements and advertising as an inducement to enter into a contract for a solar system, when the HIS stated that the homeowners could get 100% of their energy needs covered from a free program that would cost nothing, and as alleged in paragraphs 25 through 28.

FIFTH CAUSE FOR DISCIPLINE

(Willful Departure from Accepted Trade Standards)

33. Respondent Complete Solar is subject to disciplinary action under Code section 7109, subdivision (a) for a willful departure in any material respect from accepted trade standards for good and workmanlike construction, as alleged in paragraphs 25 through 28.

R.G. - TURNER ISLAND ROAD PROJECT

34. Around November 2016, Homeowner R.G. responded by telephone to a radio advertisement, in Spanish, for installation of a solar system by Guaranty Solar. R.G. was told by representatives from Guaranty Solar, who were working on behalf of Respondent Complete Solar, that by installing a solar system, his utility bills would be cut in half. Around March 2017, R.G. again contacted Guaranty Solar, whose representatives were working on behalf of Respondent Complete Solar, and told R.G. that they could install a solar system free of charge with the first year at no cost at his house on Turner Island Road in Dos Palos, California. R.G. was told that the solar system would cost $28,012.00 and they had found a bank to finance the loan, but needed his personal information to see if he could be pre-qualified or approved for the loan. R.G. was told that he would not have to pay for the first year because he would be refunded $10,000.00 to pay towards the loan and he would get back refunds that would make the second year payments of $228 per month and the third year monthly payments would be $165, for the life of the loan. R.G. stated he was not going to agree to anything unless it was put in writing. R.G. agreed to allow a technician to inspect the property, while a copy of the contract came in the mail.

35. The next day, a technician came to the Turner Island Road residence to take measurements and returned several times over the next few weeks to inspect the property. R.G. told the technician that he did not want anyone working on the property until a copy of a contract was provided, with the promised refunds and savings in writing. The technician stated that the written contract should come in a day or two, but it was not received by R.G. for numerous months.

36. On or about May 8, 2017, the solar system installation was completed, when R.G. was out of town. R.G. had still not received a copy of the signed contract. Construction services were provided at the residence prior to the time R.G. agreed to accept or rescind the loan or financing.

37. R.G. then received a call from California First, the bank that Guaranty Solar arranged R.G.'s loan with, and was given the contract price, interest payments, terms and conditions of the solar system. R.G. was then given a copy of the loan agreement with California First, and decided to cancel the loan and installation of the solar system. R.G. repeatedly asked Guaranty Solar to cancel the contract and instructed them not to come to the property. R.G. received a letter dated April 24, 2017, from Guarantee Solar with charges owed in the amount of $8,755.00 for canceling the contract.

38. Finally, R.G. received copies of two written contracts with Respondent Complete Solar: one dated March 13, 2017 and one dated April 25, 2017. These contracts are written in English and no Spanish translation was provided. R.G. speaks Spanish and does not fully comprehend English. The March 13, 2017, contract is a solar purchase and installation agreement by Respondent Complete Solar, with an electronic signature by R.G. and his wife, A.G. to install a residential solar system for $28,012.00. The April 25, 2017, contract is the same as the March 13, 2017 contract, except that R.G.'s wife and her signatures were removed from the April contract and the contract price was changed to $26,700.00.

39. On or about September 7, 2018, a CSLB I.E. performed an inspection of the Turner Island Road solar project. The I.E. found that the system did not meet acceptable trade standards for good and workmanlike construction and that R.G. would be required to spend $10,036.00 to

correct the defects. Specifically, the I.E. found that the modules installed on the rooftop do not match the components identified in the contract, with a different manufacturer, and modules with a lower power rating. The installed system does not match the system specified in the plans or the final permit that was issued by Merced County. The electrical circuit breaker that was installed is 20 amps, which does not match the plans that specified a 30-amp circuit breaker. Too many solar modules were installed that do not match the materials specified in the contract, and provide 10 less watts of energy. The field-applied labels were installed incorrectly and some are missing. At least one micro-inverter was not producing any energy and the multiconnect cell was not powered on. The roof flashing was not installed in a neat and workmanlike manner. The roof penetration for the conduit does not meet acceptable trade standards since it was installed though a cone "vent" flashing without a proper rubber seal. The array and vent pipes were not cut within the standard of the industry. The monitoring system information was not working and the energy estimate of the system was not available. There is an observable deflection of roof surface and the roof was not qualified before the solar system was installed. A structural engineer will need to be consulted to evaluate the footings and the left array roof structure.

SIXTH CAUSE FOR DISCIPLINE

(Employing an Unregistered Home Improvement Salesperson)

40. Respondent Complete Solar is subject to disciplinary action under Code section 7154, subdivision (d), for employing unregistered Home Improvement Salespersons. The circumstances are that Respondent Complete Solar did not have any salespersons registered with the Board at the time of the contract negotiations with R.G., as alleged in paragraphs 34 through 39.

SEVENTH CAUSE FOR DISCIPLINE

(Home Improvement Salesperson not listed in contract)

41. Respondent Complete Solar is subject to disciplinary action under Code section 7159, subdivision (d)(2), for failing to list the names and HIS registration number for the salespersons who negotiated the contract with the homeowners, as alleged in paragraphs 34 through 39.

EIGHTH CAUSE FOR DISCIPLINE

(Contract Language Violations)

42. Respondent Complete Solar is subject to disciplinary action under Code section 7159 for failing to provide a Home Improvement Contract that included the disclosures and notices required by section 7159.

NINTH CAUSE FOR DISCIPLINE

(Substantial Misrepresentation/ False Promise to Induce a Person to Enter into a Contract)

43. Respondent Complete Solar is subject to disciplinary action under Code section 7161, subdivision (b), for making a substantial misrepresentation in the procurement of a contract for a home improvement and/or making a false promise of a character likely to influence, persuade or, induce any person to enter into the contract for a solar system, when representatives from Guaranty Solar, who were working on behalf of Respondent Complete Solar, told R.G. that by installing a solar system, his utility bills would be cut in half; that they could install a solar system free of charge with the first year at no cost; that he would not have to pay for the first year because he would be refunded $10,000.00 to pay towards the loan and he would get back refunds that would make the second year payments of $228 per month and the third year monthly payments would be $165, for the life of the loan, and as alleged in paragraphs 34 through 39.

TENTH CAUSE FOR DISCIPLINE

(Willful Departure from Accepted Trade Standards)

44. Respondent Complete Solar is subject to disciplinary action under Code section 7109, subdivision (a) for a willful departure in any material respect from accepted trade standards for good and workmanlike construction, as alleged in paragraphs 34 through 39.

ELEVENTH CAUSE FOR DISCIPLINE

(Willful Disregard from the Project Plans and Specifications)

45. Respondent Complete Solar is subject to disciplinary action under Code section 7109, subdivision (b) for a willful departure from or disregard of plans or specifications in any material respect, which is prejudicial to another, without the consent of the owner or his or her duly authorized representative and without the consent of the person entitled to have the particular

construction project or operation completed in accordance with such plans or specifications, as alleged in paragraphs 34 through 39.

TWELFTH CAUSE FOR DISCIPLINE

(Failed to Use Specified Goods or Materials as Represented)

46. Respondent Complete Solar is subject to disciplinary action under Code section 7162, subdivision (b) for the failure to install the specific goods or materials as represented in the contract, as alleged in paragraphs 34 through 39.

THIRTEENTH CAUSE FOR DISCIPLINE

(Begin Work Prior to Financing Approval)

47. Respondent Complete Solar is subject to disciplinary action under Code section 7163, for providing construction materials and performing construction services prior to the time the buyer agreed to accept the loan or financing or rescinded the loan or financing transaction, as alleged in paragraphs 34 through 39.

R.P.G. - WINCANTON ROAD PROJECT

48. Homeowner R.P.G. heard a radio commercial in Spanish for Guaranty Solar advertising the benefits of solar energy. R.P.G. contacted Guaranty Solar and representatives from Guaranty Solar stated that if R.P.G. obtained a solar system, it would reduce his energy costs at his home on Wincanton Road in Salida, California. Guaranty Solar representatives stated that R.G. could get $15,000.00 back for tax incentives and a $600.00 bonus if he purchased a solar system.

49. On or about March 14, 2017, R.P.G. entered into a contract with a sales group named Guaranty Solar, working on behalf of Respondent Complete Solar, to install a solar system in the amount of $29,929.00. This contract was written in English and no Spanish translation was provided. R.P.G. speaks Spanish and does not fully comprehend English. Guaranty Solar told R.P.G. they could help him obtain a loan with one of their financing partners and arranged a 20-year loan with Solar Mosaic, Inc. R.P.G. was told that the loan was not a lien and would not affect the property.

///

50. In or about April 2017, Respondent Complete Solar installed a solar system on R.P.G.'s residence on Wincanton Road. Although the local electric company granted the permission to operate the solar system on or about September 28, 2017, no energy was produced by the system until July 2, 2018.

51. On or about November 26, 2018, a CSLB I.E. performed an inspection of the Wincanton Road project. The I.E. found that the system did not meet acceptable trade standards for good and workmanlike construction that would require R.P.G. to spend $1,895.00 to correct the defects. Specifically, the I.E. found that the field-applied markings and labeling was not suitable for the environment since the handwritten portion of the label that was filled in black marker has faded and is not readable, and thus did not have the rated ac output current and the nominal operating ac voltage listed. There is an error in the calculation of the solar system on the contract that should be 5.800 kW and not as listed as 5.880 kW. The single conductor cable hanging under the array is not secured, but hanging loose. The production logs reveal that the system had been abandoned without ongoing maintenance or support, with missing energy production report data from September 28, 2017 to July 7, 2018. The solar system is operational, but the energy estimates are incorrect and contract specification of power are incorrect. There was no observed method for the customer to monitor the actual energy generation to compare with the estimates on the contract. The login information for the Enphase monitoring system has not been provided to the customer.

52. The I.E. also observed that the solar system was not generating energy per the contract. The energy estimate provided in the March 14, 2017 contract was 9,480 kWh in the "first year." As of the date of the I.E.'s inspection on November 26, 2018, the solar production meter displayed a total of 8,229 kWh generated, after more than 18 months since installation of the solar system.

FOURTEENTH CAUSE FOR DISCIPLINE

(Employing an Unregistered Home Improvement Salesperson)

53. Respondent Complete Solar is subject to disciplinary action under Code section 7154, subdivision (d), for employing unregistered Home Improvement Salespersons. The

circumstances are that Respondent Complete Solar did not have any salespersons registered with the Board at the time of the contract negotiations with R.P.G., as alleged in paragraphs 48 through 52.

FIFTEENTH CAUSE FOR DISCIPLINE

(Contract Language Violations)

54. Respondent Complete Solar is subject to disciplinary action under Code section 7159 for failing to provide a Home Improvement Contract that included the disclosures and notices required by section 7159.

SIXTEENTH CAUSE FOR DISCIPLINE

(Willful Departure from Accepted Trade Standards)

55. Respondent Complete Solar is subject to disciplinary action under Code section 7109, subdivision (a) for a willful departure in any material respect from accepted trade standards for good and workmanlike construction, as alleged in paragraphs 48 through 52.

SEVENTEENTH CAUSE FOR DISCIPLINE

(Departure from Plans or Specifications)

56. Respondent Complete Solar is subject to disciplinary action under Code section 7109, subdivision (b) for a willful departure from or disregard of plans or specifications in any material respect, which is prejudicial to another, without the consent of the owner or his or her duly authorized representative and without the consent of the person entitled to have the particular construction project or operation completed in accordance with such plans or specifications, as alleged in paragraphs 48 through 52.

EIGHTEENTH CAUSE FOR DISCIPLINE

(Failed to Complete the Project for the Contract Price)

57. Respondent Complete Solar is subject to disciplinary action under Code section 7113, for the failure in a material respect to complete the construction project for the price stated in the contract, and the property owner will be required to spend a substantial sum in excess of the contract price to complete the project in accordance with the contract, as alleged in paragraphs 48 through 52.

A.L. – LAWRENCE AVENUE PROJECT

58. In or about April 2017, Homeowner A.L. heard a radio commercial in Spanish for Guarantia Solar advertising a government program that reduced the price of solar systems. A.L. contacted Guarantia Solar. Representatives from Guaranty Solar, working on behalf of Respondent Complete Solar, stated to A.L. that the solar system would cost less than $20,000, after all the deductions, and that he could get 30% of the contract price back from taxes and a $7,000.00 rebate and tax incentives.

59. On or about June 5, 2017, A.L. entered into a contract with a sales group called Guarantia Solar, working on behalf of Respondent Complete Solar, to install a solar system at his house on Lawrence Avenue in Yuba City, California. A.L. speaks Spanish and does not fully comprehend English. Guarantia Solar, also known as Guaranty Solar, arranged a 20-year loan with Solar Mosaic, Inc. No contract or financing agreement was provided to A.L. in Spanish.

60. In or about August 2017, Respondent Complete Solar installed a solar system on A.L.'s residence. Although A.L. was not present during the time the installation of the solar system took place, representatives from Respondent Complete Solar requested that A.L.'s son pretend to be A.L, because he had the same name as his father, and sign the contract for A.L., which he did. Later, when the loan company contacted A.L. to discuss the terms of the loan, A.L. learned for the first time that the solar system cost $36,936.00, which was double the contract price, and the loan period was 20 years.

61. On or about January 15, 2019, a CSLB I.E. performed an inspection of the Lawrence Avenue project. The I.E. found that the system did not meet acceptable trade standards for good and workmanlike construction that would require A.L. to spend $750 to correct the defects. Specifically, the I.E. found that the contract promised a first-year power production of 7,463 kW-h, but the I.E. calculated the actual first-year power production at 6,976 kW-h. The I.E. found that solar contractor installed three of the modules on a north orientation, rather than on a south orientation, combined with shading from nearby trees and shrubs, caused a reduction of power production. The cost to correct these deficiencies is approximately $750.00.
