**FIRST AMENDED ACCUSATION**

17 Contractor's License No. 974115  
18 Classifications: C-10, C-39 and C-46

19 Respondents.

20  
21 **PARTIES**

22 1. Brian Melvin (Complainant) brings this First Amended Accusation solely in his  
23 capacity as the Supervising Special Investigator I of the Contractors State License Board (Board),  
24 Department of Consumer Affairs.

25 2. On June 20, 2012, the Registrar of Contractors (Registrar) issued Contractor's  
26 License Number 974115, in Classification C-10 (Electrical [General]) to LA Solar Group, Inc.,  
27 doing business as A P Electrical (Respondent LA Solar). On January 17, 2013, Respondent LA  
28 Solar was issued a C-46 (Solar) classification. On July 6, 2016, Respondent LA Solar was issued

a C-39 (Roofing) classification. The Contractor's License was in full force and effect at all times relevant to the charges brought herein and will expire on June 30, 2026, unless renewed. Ara Petrosyan (Respondent Petrosyan) associated as the Responsible Managing Officer (RMO), Chief Executive Officer (CEO) and President (PRES) on June 20, 2012. The suspension history of Respondent LA Solar is as follows:

| <b>Suspension Date:</b> | <b>Violation:</b>                                                           | <b>Status:</b>        |

### **JURISDICTION**

3. This Accusation is brought before the Registrar for the Board under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

4. Code section 118, subdivision (b), states:

The suspension, expiration, or forfeiture by operation of law of a license issued by a board in the department, or its suspension, forfeiture, or cancellation by order of the board or by order of a court of law, or its surrender without the written consent of the board, shall not, during any period in which it may be renewed, restored, reissued, or reinstated, deprive the board of its authority to institute or continue a disciplinary proceeding against the licensee upon any ground provided by law or to enter an order suspending or revoking the license or otherwise taking disciplinary action against the licensee on any such ground.

5. Code section 7076.5, subdivision (h), states:

The inactive status of a license shall not bar any disciplinary action by the board against a licensee for any of the causes stated in this chapter.

6. Code section 7090 provides that the Registrar may suspend or revoke any license or registration if the licensee or registrant is guilty of or commits any one or more of the acts or omissions constituting cause for disciplinary action.

7. Code section 7096 states:

For the purposes of this chapter, the term "licensee" shall include an individual, partnership, corporation, limited liability company, joint venture, or any combination or organization licensed under this chapter, and shall also include any named responsible managing officer, responsible managing manager, responsible managing

member, or personnel of that licentiate whose appearance has qualified the licentiate under the provisions of Section 7068.

8. Code section 7106.5 states:

The expiration, cancellation, forfeiture, revocation, or suspension of a license by operation of law or by order or decision of the registrar or a court of law, or the voluntary surrender of a license by a licensee, shall not deprive the registrar of jurisdiction to proceed with any investigation of or action or disciplinary proceeding against the license, or to render a decision suspending or revoking the license.

9. Code section 7121.5 states:

A person who was the qualifying individual on a revoked license, or of a license under suspension, or of a license that was not renewed while it was under suspension, shall be prohibited from serving as an officer, director, associate, partner, manager, or qualifying individual of a licensee, whether or not the individual had knowledge of or participated in the prohibited acts or omissions for which the license was revoked, or suspended, and the employment, election, or association of that person by a licensee shall constitute grounds for disciplinary action.

### **STATUTORY PROVISIONS**

10. Code section 7027.1, states:

(a) It is a misdemeanor for any person to advertise for construction or work of improvement covered by this chapter unless that person holds a valid license under this chapter in the classification so advertised, except that a licensed building or engineering contractor may advertise as a general contractor.

(b) "Advertise," as used in this section, includes, but not by way of limitation, the issuance of any card, sign, or device to any person, the causing, permitting, or allowing of any sign or marking on or in any building or structure, or in any newspaper, magazine, or by airwave or any electronic transmission, or in any directory under a listing for construction or work of improvement covered by this chapter, with or without any limiting qualifications.

....

11. Code section 7107 states:

Abandonment without legal excuse of any construction project or operation engaged in or undertaken by the licensee as a contractor constitutes a cause for disciplinary action.

12. Code section 7109, subdivision (a), states:

A willful departure in any material respect from accepted trade standards for good and workmanlike construction constitutes a cause for disciplinary action, unless the departure was in accordance with plans and specifications prepared by or under the direct supervision of an architect.

///

1 13. Code section 7115 states:

2 Failure in any material respect to comply with the provisions of this chapter, or  
3 any rule or regulation adopted pursuant to this chapter, or to comply with the  
4 provisions of Section 7106 of the Public Contract Code, constitutes a cause for  
disciplinary action.

5 14. Code section 7117.6 states:

6 Acting in the capacity of a contractor in a classification other than that currently  
7 held by the licensee constitutes a cause for disciplinary action.

8 15. Code section 7159 states, in pertinent part:

9 (a)(1) This section identifies the projects for which a home improvement  
10 contract is required, outlines the contract requirements, and lists the items that shall  
be included in the contract, or may be provided as an attachment.

11 . . .

12 (b) For purposes of this section, "home improvement contract" means an  
13 agreement, whether oral or written, or contained in one or more documents, between  
14 a contractor and an owner or between a contractor and a tenant, regardless of the  
15 number of residence or dwelling units contained in the building in which the tenant  
16 resides, if the work is to be performed in, to, or upon the residence or dwelling unit of  
the tenant, for the performance of a home improvement, as defined in Section 7151,  
and includes all labor, services, and materials to be furnished and performed  
thereunder, if the aggregate contract price specified in one or more improvement  
contracts, including all labor, services, and materials to be furnished by the  
contractor, exceeds five hundred dollars (\$500). "Home improvement contract" also  
means an agreement, whether oral or written, or contained in one or more documents,  
between a salesperson, whether or not they are a home improvement salesperson, and  
an owner or a tenant, regardless of the number of residence or dwelling units  
contained in the building in which the tenant resides, which provides for the sale,  
19 installation, or furnishing of home improvement goods or services.

20 . . .

21 (d) A home improvement contract and any changes to the contract shall be in  
22 writing and signed by the parties to the contract prior to the commencement of work  
covered by the contract or an applicable change order and, except as provided in  
23 paragraph (8) of subdivision (a) of Section 7159.5, shall include or comply with all of  
the following:

24 . . .

25 (10) The contract shall address the commencement of work to be  
performed in substantially the following form:

26 (A) A statement that describes what constitutes substantial  
commencement of work under the contract.

27 (B) The heading: "Approximate Start Date."  
28

1 (C) The approximate date on which work will be commenced.

2 (11) The estimated completion date of the work shall be referenced in the  
3 contract in substantially the following form:

4 (A) The heading: "Approximate Completion Date."

5 (B) The approximate date of completion.

6 ...

7 (e) Except as provided in paragraph (8) of subdivision (a) of Section 7159.5,  
8 all of the following notices shall be provided to the owner as part of the contract form  
9 as specified or, if otherwise authorized under this subdivision, may be provided as an  
10 attachment to the contract:

11 (1) A notice concerning commercial general liability insurance. This  
12 notice may be provided as an attachment to the contract if the contract  
13 includes the following statement: "A notice concerning commercial general  
14 liability insurance is attached to this contract." The notice shall include the  
15 heading "Commercial General Liability Insurance (CGL)," followed by  
16 whichever of the following statements is both relevant and correct:

17 ...

18 (B) "(The name on the license or 'This contractor') carries  
19 commercial general liability insurance written by (the insurance  
20 company). You may call (the insurance company) at \_\_\_\_\_ to  
21 check the contractor's insurance coverage."

22 (C) "(The name on the license or 'This contractor') is self-  
23 insured."

24 ...

25 (2) A notice concerning workers' compensation insurance. This  
26 notice may be provided as an attachment to the contract if the contract  
27 includes the statement: "A notice concerning workers' compensation  
28 insurance is attached to this contract." The notice shall include the heading  
"Workers' Compensation Insurance" followed by whichever of the  
following statements is correct:

(A) "(The name on the license or 'This contractor') has no  
employees and is exempt from workers' compensation requirements."

(B) "(The name on the license or 'This contractor') carries  
workers' compensation insurance for all employees."

...  
(4) A notice with the heading "Mechanics Lien Warning" written as follows:

"MECHANICS LIEN WARNING:

Anyone who helps improve your property, but who is not paid, may record what is  
called a mechanics lien on your property. A mechanics lien is a claim, like a mortgage  
or home equity loan, made against your property and recorded with the county recorder.

1 Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers  
2 who helped to improve your property may record mechanics liens and sue you in court  
3 to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice  
4 or have a court officer sell your home to pay the lien. Liens can also affect your credit.

5 To preserve their right to record a lien, each subcontractor and material supplier must  
6 provide you with a document called a 'Preliminary Notice.' This notice is not a lien.  
7 The purpose of the notice is to let you know that the person who sends you the notice  
8 has the right to record a lien on your property if they are not paid.

9 BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the  
10 subcontractor starts work or the supplier provides material. This can be a big problem  
11 if you pay your contractor before you have received the Preliminary Notices.

12 You will not get Preliminary Notices from your prime contractor or from laborers who  
13 work on your project. The law assumes that you already know they are improving your  
14 property.

15 PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by  
16 getting a list from your contractor of all the subcontractors and material suppliers that  
17 work on your project. Find out from your contractor when these subcontractors started  
18 work and when these suppliers delivered goods or materials. Then wait 20 days, paying  
19 attention to the Preliminary Notices you receive.

20 PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check.  
21 When your contractor tells you it is time to pay for the work of a subcontractor or  
22 supplier who has provided you with a Preliminary Notice, write a joint check payable  
23 to both the contractor and the subcontractor or material supplier.

24 For other ways to prevent liens, visit CSLB's internet website at [www.cslb.ca.gov](http://www.cslb.ca.gov) or  
25 call CSLB at 800-321-CSLB (2752).

26 REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON  
27 YOUR HOME. This can mean that you may have to pay twice, or face the forced sale  
28 of your home to pay what you owe."

...

16. Code section 7159.5, subdivision (a)(5), states:

(a) This section applies to all home improvement contracts, as defined in  
Section 7151.2, between an owner or tenant and a contractor, whether a general  
contractor or a specialty contractor, that is licensed or subject to be licensed pursuant  
to this chapter with regard to the transaction.

...

(5) Except for a downpayment, the contractor shall neither request nor  
accept payment that exceeds the value of the work performed or material  
delivered. The prohibition prescribed by this paragraph extends to advance  
payment in whole or in part from any lender or financier for the performance or  
sale of home improvement goods or services.

1                                    **COST RECOVERY, RESTITUTION AND OTHER AUTHORITY**

2            17.    Code section 125.3 states:

3                    (a) Except as otherwise provided by law, in any order issued in resolution of a  
4                    disciplinary proceeding before any board within the department or before the  
5                    Osteopathic Medical Board, upon request of the entity bringing the proceeding, the  
6                    administrative law judge may direct a licentiate found to have committed a violation  
7                    or violations of the licensing act to pay a sum not to exceed the reasonable costs of  
8                    the investigation and enforcement of the case.

9                    (b) In the case of a disciplined licentiate that is a corporation or a partnership,  
10                   the order may be made against the licensed corporate entity or licensed partnership....

11           18.    Government Code section 11519 states:

12                   (a) The decision shall become effective 30 days after it is delivered or mailed  
13                   to respondent unless: a reconsideration is ordered within that time, or the agency itself  
14                   orders that the decision shall become effective sooner, or a stay of execution is  
15                   granted.

16                   (b) A stay of execution may be included in the decision or if not included  
17                   therein may be granted by the agency at any time before the decision becomes  
18                   effective. The stay of execution provided herein may be accompanied by an express  
19                   condition that respondent comply with specified terms of probation provided;  
20                   provided, however, that the terms of probation shall be just as reasonable in light of  
21                   the findings and decision.

22                   (c) If respondent was required to register with any public officer, a notification  
23                   of any suspension or revocation shall be sent to the officer after the decision has  
24                   become effective.

25                   (d) As used in subdivision (b), specified terms of probation may include an  
26                   order of restitution. Where restitution is ordered and paid pursuant to the provisions  
27                   of this subdivision, the amount paid shall be credited to any subsequent judgment in a  
28                   civil action.

29                   (e) The person to which the agency action is directed may not be required to  
30                   comply with a decision unless the person has been served with the decision in the  
31                   manner provided in Section 11505 or has actual knowledge of the decision.

32                   (f) A nonparty may not be required to comply with a decision unless the  
33                   agency has made the decision available for public inspection and copying or the  
34                   nonparty has actual knowledge of the decision.

35                   (g) This section does not preclude an agency from taking immediate action to  
36                   protect the public interest in accordance with Article 13 (commencing with Section  
37                   11460.10) of Chapter 4.5.

38           19.    Code section 143.5, subdivision (b), states:

39                   Any board, bureau, or program within the Department of Consumer Affairs that  
40                   takes disciplinary action against a licensee or licensees based on a complaint or report  
41                   that has also been the subject of a civil action and that has been settled for monetary  
42                   damages providing for full and final satisfaction of the parties may not require its

licensee or licensees to pay any additional sums to the benefit of any plaintiff in the civil action.

20. Code section 7095 states:

The decision may:

(a) Provide for the immediate complete suspension by the licensee of all operations as a contractor during the period fixed by the decision.

(b) Permit the licensee to complete any or all contracts shown by competent evidence taken at the hearing to be then uncompleted.

(c) Impose upon the licensee compliance with such specific conditions as may be just in connection with his operations as a contractor disclosed at the hearing and may further provide that until such conditions are complied with no application for restoration of the suspended or revoked licensee shall be accepted by the registrar.

21. Code section 7097 states:

Notwithstanding the provisions of Sections 7121 and 7122, when any licensee has been suspended by a decision of the registrar pursuant to an accusation or pursuant to subdivision (b) of Section 7071.17, Section 7085.6 or 7090.1, any additional license issued under this chapter [the Contractors State License Law] in the name of the licensee or for which the licensee furnished qualifying experience and appearance under the provisions of Section 7068, may be suspended by the registrar without further notice.

22. Code section 7098 states:

Notwithstanding the provisions of Sections 7121 and 7122, when any license has been revoked under the provisions of this chapter [the Contractors State License Law], any additional license issued under this chapter in the name of the licensee or for which the licensee furnished qualifying experience and appearance under the provisions of Section 7068, may be revoked by the registrar without further notice.

23. Code section 7102 states:

After suspension of a license upon any of the grounds set forth in this chapter [the Contractors State License Law], the registrar may reinstate the license upon proof of compliance by the contractor with all provisions of the decision as to reinstatement or, in the absence of a decision or any provisions of reinstatement, in the sound discretion of the registrar.

After revocation of a license upon any of the grounds set forth in this chapter, the license shall not be reinstated or reissued and a license shall not be issued to any member of the personnel of the revoked licensee found to have had knowledge of or participated in the acts or omissions constituting grounds for revocation, within a minimum period of one year and a maximum period of five years after the final decision of revocation and then only on proper showing that all loss caused by the act or omission for which the license was revoked has been fully satisfied and that all conditions imposed by the decision of revocation have been complied with.

1 The board shall promulgate regulations covering the criteria to be considered  
2 when extending the minimum one-year period. The criteria shall give due  
3 consideration to the appropriateness of the extension of time with respect to the  
4 following factors:

- 5 (a) The gravity of the violation.
- 6 (b) The history of previous violations.
- 7 (c) Criminal convictions.

8 When any loss has been reduced to a monetary obligation or debt, however, the  
9 satisfaction of the monetary obligation or debt as a prerequisite for the issuance,  
10 reissuance, or reinstatement of a license shall not be required to the extent the  
11 monetary obligation or debt was discharged in a bankruptcy proceeding. However,  
12 any nonmonetary condition not discharged in a bankruptcy proceeding shall be  
13 complied with prior to the issuance, the reissuance, or reinstatement of the license.

### 14 **J.F. PROJECT**

15 24. On July 22, 2022, J.F. entered into a home improvement contract with Respondent  
16 LA Solar for the installation of a roof mounted photovoltaic solar system at J.F.'s residence on  
17 San Helena Drive in Oceanside (J.F. Project). The solar system was sold as a lease, with monthly  
18 payments for 25 years totaling \$39,246.00. The contract lacked certain notifications and verbiage  
19 that are required for home improvement contracts. Work began on October 11, 2022, and  
20 Respondent LA Solar completed the J.F. Project in or about January 2023. On May 15, 2023, J.F.  
21 paid Respondent LA Solar the first twelve months of the lease up front, in the amount of  
22 \$1,092.00.

23 25. J.F. notified Respondent LA Solar of a number of concerns he had with the work it  
24 had done. Respondent LA Solar returned to the J.F. Project in March 2023 and made some  
25 repairs. Respondent LA Solar also refunded \$6,861.87 to J.F. However, several workmanship  
26 issues went unresolved.

27 26. During the Board's investigation, industry expert B.K. inspected the J.F. Project on  
28 July 27, 2023. B.K. found the following departures from accepted trade standards in Respondent  
LA Solar's work:

- The required meters (to measure and report the electricity generated and/or consumed) were not installed;
- The combiner panel was missing circuit breaker filler plates;

- The disconnect switch below the combiner panel was not labelled as the rapid shutdown initiation device;
- A disconnect switch blank plastic hub cover was not installed;
- Wiring to the meters was not fully installed to the terminal screw;
- Red and black wires were installed on the same phase and are overloading the common neutral wire, resulting in damage to the new circuit breaker;
- Ty-wrap cable ties were used to support to the wires under the photovoltaic panels;
- Wiring under the photovoltaic panels exceeded the minimum wire bending radius, causing excessive stress to the wiring and the terminal box;
- Respondent LA Solar used washers that are too small and weak to adequately secure the roof equipment;
- The inverter was not fully secured, and its wires are unsupported;
- Several solar panels are missing panel clamps;
- Conduit was installed with Ty-wrap cable ties, leaving the conduit too low beneath the roof tiles;
- An anchor bolt was incorrectly installed;
- Solar box equipment was installed on the roof without the appropriate box cover; and,
- Conduit was installed on the roof without flashing where the conduit meets the roof tiles.

27. B.K. concluded that the substantial repair is needed to bring the J.F. project up to accepted trade standards, including but not limited to the following: all solar panels and racking need to be removed and reinstalled with the correct hardware, supports, flashing, and PV cable supports; a supplemental ground rod needs to be installed; and the system needs revenue grade metering with correct certifications. B.K. estimated that this work will cost \$25,000.

### **FIRST CAUSE FOR DISCIPLINE**

#### **(Departure from Accepted Trade Standards)**

28. Respondent LA Solar has subjected its license to disciplinary action under Code section 7109, subdivision (a), because on the J.F. project, Respondent LA Solar willfully departed from accepted trade standards for good and workmanlike construction, as set forth above.

///

1 **SECOND CAUSE FOR DISCIPLINE**

2 **(Contract Violations – Failure to Include Required CSLB Notifications)**

3 29. Respondent LA Solar has subjected its license to disciplinary action under Code  
4 section 7159 because its contract for the J.F. Project failed to include required notifications and  
5 verbiage about the following topics:

- 6 a. Code section 7159, subd. (d)(10): start date of work.  
7 b. Code section 7159, subd. (d)(11): completion date.  
8 c. Code section 7159, subd. (e)(1): commercial general liability insurance.  
9 d. Code section 7159, subd. (e)(2): workers' compensation insurance.  
10 e. Code section 7159, subd. (e)(4): mechanic's lien.

11 **D.R. PROJECT**

12 30. On May 10, 2023, D.R. entered into a home improvement contract with Respondent  
13 LA Solar for the installation of a carport with a 27 solar panel system at D.R.'s residence in  
14 Apple Valley, California, for \$69,999.00 (D.R. Project). The contract lacked multiple  
15 notifications and clauses which are required for home improvement contracts. Additionally,  
16 Respondent LA Solar advertised and contracted for construction of a carport that required a "B"  
17 classification for general construction, when Respondent LA Solar held only C-10, C-39 and C-  
18 46 classifications.

19 31. Respondent LA Solar began work on the D.R. Project on September 28, 2023. The  
20 contract for the D.R. Project required a progress payment in the amount of \$20,550.00 upon  
21 completion of the design and permit submission, a progress payment in the amount of \$47,949.00  
22 upon system installation, and a final payment of \$500 upon obtaining the Permit to Operate and  
23 before system activation. According to this payment schedule, the second payment in the amount  
24 of \$20,550.00 requested by Respondent LA Solar and the amount of \$16,901.00 paid by D.R.  
25 both exceeded the value of the work performed or materials delivered. Respondent LA Solar was  
26 paid a total of \$57,335.00 for the D.R. Project:

27 32. D.R. had concerns with the work performed by Respondent LA Solar. Specifically,  
28 the solar panels were uneven on the metal carport frame, the project looked unfinished, and the

1 concrete had problems including gouges, unlevel surface, and inconsistent appearance with rough  
2 patches. D.R. met with Respondent LA Solar about these concerns. Respondent LA Solar last  
3 worked on the D.R. Project on or about July 18, 2024, and made some minor repairs, but did not  
4 finish the work.

5 33. During the Board's investigation, industry expert D.M. inspected the D.R. Project on  
6 August 10, 2024. D.M. found the following departures from accepted trade standards in  
7 Respondent LA Solar's work:

- 8 • The concrete had gouges and was uneven;
- 9 • One side of the metal carport frame that holds the solar panels was cut and left  
10 uneven without finished ends/sides; and
- 11 • The ground rods were to be not less than eight feet in length but were cut in  
12 half before installation.

13 34. D.M. concluded that the following repairs were needed to bring the D.R. Project up to  
14 accepted trade standards: remove and replace existing concrete; cut metal on one side of carport  
15 frame to make it even and install the ends/sides; and, remove and place ground rods with ones at  
16 least eight feet in length. D.M. estimated the cost to correct the work was \$5,750.00.

### 17 **THIRD CAUSE FOR DISCIPLINE**

#### 18 **(Advertised for Work Out of Classification)**

19 35. Respondent LA Solar has subjected its license to disciplinary action under Code  
20 sections 7115 and 7027.1 because Respondent LA Solar advertised for carport construction which  
21 requires a "B" classification, which Respondent LA Solar does not have.

1 **MATTERS IN AGGRAVATION**

2 41. To determine the degree of penalty, if any, to be imposed on Respondents LA Solar  
3 and Ara Petrosyan, RMO/CEO/PRES, Complainant alleges the following:

4 a. Citation No. 2-2019-1537 was issued to Respondent LA Solar on November 14,  
5 2019, for violating Code sections 7109, subdivision (a) (poor workmanship); 7161, subdivision  
6 (b) (substantial misrepresentations in the procurement of a construction contract); 7113 (failed to  
7 correct/complete project for contract price); and 7159 (contract violations). The citation required  
8 Respondent LA Solar to pay \$7,600 in restitution to the homeowner and assessed \$2,600 in civil  
9 penalties. Respondent appealed the citation, and the civil penalties were reduced to \$1,700.  
10 Respondent complied with the citation.

11 b. On August 24, 2022, Second Amended Accusation No. N2021-152 was filed  
12 against Respondents LA Solar and Ara Petrosyan, RMO, CEO and PRES. Following an  
13 administrative hearing, the Board issued a Decision and Order, effective February 29, 2024,  
14 which found Respondent LA Solar had committed the following violations on three residential  
15 solar projects: two violations of Code section 7109, subdivision (a) (departure from accepted  
16 trade standards); two violations of Code section 7154, subdivision (c) (failure to report home  
17 improvement salesperson); four violations of Code section 7159 (contract violations); and one  
18 violation of Code section 7159.5, subdivision (a)(5) (payment exceeds value of work performed).  
19 The Decision and Order revoked Respondent LA Solar's license, with revocation stayed during  
20 three years of probation on specified terms and conditions, including requirements for a \$50,000  
21 Disciplinary Bond, that Respondent Petrosyan take and pass the Board's law and business  
22 examination, payment of the Board's investigative and enforcement costs in the amount of  
23 \$15,000, and a requirement to submit copies of construction contractors to the Registrar.

24 **CAUSE FOR OTHER ACTION**

25 **(Restrictions on Corporate Qualifier – Respondent Ara Petrosyan)**

26 42. Pursuant to Code section 7121.5, if Respondent LA Solar's license number 974115 is  
27 revoked or suspended, Respondent Petrosyan shall be prohibited from serving as an officer,  
28 director, associate, partner, manager, or qualifying individual of a licensee during the time the

discipline is imposed, whether or not he had knowledge of or participated in the acts or omissions constituting grounds for discipline as alleged in the causes for discipline, above, and any licensee which employs, elects, or associates Respondent Ara Petrosyan other than as a bona fide nonsupervising employee shall be subject to disciplinary action.

**PRAYER**

WHEREFORE, Complainant requests that a hearing be held on the matters alleged above, and that following the hearing, the Registrar issue a decision:

1. Ordering the revocation or suspension of Contractor's License Number 974115 issued to Respondent LA Solar Group Inc., doing business as A P Electrical, pursuant to Code section 7090;

2. Ordering restitution of all damages according to proof suffered by J.F., as a condition of probation in the event probation is ordered for Respondent LA Solar Group and/or Respondent Ara Petrosyan, pursuant to Government Code section 11519, subdivision (d);

3. If revocation of Contractor's License Number 974115 issued to Respondent LA Solar Group is ordered, an order for restitution of all damages suffered by J.F. as a result of Respondent LA Solar Group's conduct as a contractor, as a condition precedent to any future restoration of Contractor's License Number 974115, or before any new license is issued;

4. Ordering Respondent LA Solar Group and/or Respondent Ara Petrosyan to pay the Registrar costs for the investigation and enforcement of the case according to proof at the hearing, pursuant to Code section 125.3;

5. Ordering Respondent LA Solar Group and/or Respondent Ara Petrosyan to provide the Registrar with a listing of all contracting projects in progress and the anticipated completion date of each, pursuant to Code section 7095;
